- https://megaone-5.netlify.app/

CERTIFICATION

- HTML CSS (Basic) certificates by hackerrank
- React (Basic) certificates by hackerrank

SOFT SKILL

- Teamwork
- Adaptability
- Communication

HOBBIES

- Singing

PROJECT

Grilli - Amazing & Delicious Food

A React-based online food ordering platform featuring:

Home Page

Hero section with animations and call-to-action buttons
Introduction to the restaurant's philosophy and offerings
Featured dishes and promotions

About Page

Story of the restaurant and its mission
Information about the chefs and their inspiration
Testimonials from satisfied customers

Contact Page

Booking Request Form: Collects phone number and location.
Restaurant Info: Hours, address, and social media links.

Technical Skills Demonstrated

React: Leveraged for scalable, maintainable applications.
Component-Based Architecture: Modular design for easy updates.
State Management: Efficient handling of user interactions.
Responsive Design: Adapts layout for various screen sizes.
Animation: Engaging transitions to enrich user interaction.

MegaOne - Modern Website

A visually stunning HTML and CSS-based website featuring:

HTML: Structured content with semantic HTML elements

CSS: Styling and layout management with CSS

Animation: Implementation of animations and transitions using CSS

Responsive design: Mobile-friendly and tablet-friendly layout using CSS media queries

Interactive elements: Use of CSS pseudo-classes and JavaScript for interactive elements

This project showcases a developer's skills in building a visually appealing and interactive website using HTML and CSS.
